NEVER DESPAIR. Philadelphia, July 26, 1846.
TO THE PUBLIC—I certify that before my remembrance I became afflicted with what the Physicians called Scrofula. It made its first appearance by pain and swelling of the joints—more especially, of my ankles, knees, wrists and elbows, after which the glands of my throat and neck teame inflamed and swelled, attended with most excruciating pains. I was often confined entirely to my bed, and for weeks together could not move my neck or turn my head. Several physicians attended me at different times—but they did not appear to do me and could

Pear to do me any good.

About a year ago I was attacked with vomiting which continued every few minutes all one night.
The next day an eruption appeared on the sides of
my neck, which soon spread all over my neck,
head and face, with inflammation of my eyes and
eyelids, which destroyed my eye-lashes, and caused the bair to fall from off my head, and soon the
disease spread all over me; my limbs were one en-I could not bend my hands or arms blood would run out. Some of my finger-nails came off. In short, I was unable to get my own living, and in this condition I called upon Dr. JAYRE, in order that he might undertake my case, He directed me to take his Alterative three times a day, and his Sanative Pills as often as I should find it necessary. I have now taken his Alterative four months, and am most happy to say that it has entirely cured me. CAROLINE NEWBERRY.

PINE AND WILD CHERRY are trees of our own soil, and are generally known to possess even in the common way of preparation, remarkable virtues in the curs of diseases of the Lungs—how much more valuable then must a highly concent sated preparation prove, when so combined with other stricles as to act in harmony with each other, and adapted to the various forms and stages of diseases it is so eminently calculated to alleviate.

The Balsam of Wild Cherry never fails to give elief, and cures after every other means has been ried in vain. This has been proven in thousands finstances, where it has effected radical cures af-er the patient had been given up by all his friends and physicians. See advertisement

LOSS OF HAIR AND BALDNESS .- Its

SHEPHERD'S TOWN, Va., Oct. 10, 1843. Dear Sir-You inquire of me whether I have sed your Hair Tonic, and the effects. which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months my hair was thick set, and at the end of six months my nair was thick set, and since its tendency to turn gray was arrested.

I have never before given a certificate recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present where I know the article to be beneficial, and that it can do no hrrm, I have no

scruples in stating facts within my own knowledge Yours, &c. JOHN QUIGLEY, M. D. To Dr. D. JAYNE, Philadelphia, CHILDREN DIE OF WORMS -- Ave, an

CAUTION,—As attempts are constantly in to deceive the public with spurious limitat public notice, I deem it necessary to request all purchasers to observe the following marks of the genuine BALSAM. It is put up in bottles w the following words "WISTAR'S BALSAM OF WILD CHERRY, PULLADELPHIA," blown in the glass; also, each bottle bears a label on the front, with the signatures of Henry Wistar, M. D., Philadelphia, and Sandford & Park, which, to imitate or counterfeit, will be prosecuted as a forgery. It is therefore necessary to be particular and act for Dr. Wister's baleam, as all other prepar of Wild Cherry are entirely different from this medcine, and possesses none of its virtues.

ANOTHER INVALID RESTORED TO HEALTH [Read the following statement of facts from Mr. Eli Bailey, a highly respectable merchant of Vienna, Johnson co., Illinois.]

Mesars Phelps & Blackley, St. Louis, Mo. Gentlemen:-- A desire to benefit the afflicted throughout the land has alone induced me to make the following statement of facts respecting one of the most astonishing cures ever recorded. My son, now seventeen years old, has been afflicted during his whole life, with a constant cough, pain in the side and cheat, accompanied with night sweats and hectic fever, which produced emenciation and debility; and at intervals during the night, his expectoration would become so great as to endanger his life from strangulation. During the time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief -- in fact, so slarming were the symptoms, and so inveterate was his disease, that

of medical aid. All of our neighbors and friends who saw him, regarded him as one who was rapidly approaching an early and premature grave. After having thus exhausted the skill of our best physicians, without obtaining relief -1 was prevailed upon by the advice of a friend to make use of Wistar's Balsam of Wild Cherry

I was compelled to believe him beyond the reach

He commenced its use about the 30th of December, 1844, the first bottle of which gave astonishing relief, and I began to indulge in the foud hope that he might yet be restored to health.

After having continued the use of it until three ottles had been taken, the disease was entirely overcome, and his shattered constitution and ema ciated form restored, to sound and permanent health, which he continues to enjoy up to the I believe the genuine Dr. Wistar's Balsam of

Wild Cherry to be one of the most valuable medicines ever discovered-knowing as I do, that the above cure was effected solely by its use. I am, gentlemen, very respectfully,

Your most obedient servant. April 9, 1846. ELI BAILEY. CONSUMPTIVE PATIENTS!

Will please read the following statement from the Harrison Gazette. The incredulous are invited to read the following note from Reverend Mr. Coldron, whose character for truth and veracity stands above suspicion, and have their doubts dispelled as to the superiority of WISTAR'S BAL-SAM OF WILD CHERRY, over all other reme

dies now before the public of the same character CORYDON, Ind., Jan. 28, 1848. It is no less a duty than a pleasure to state, for the benefit of those afflicted, that I do consider WISTAR'S BALSAM OF WILD CHERRY. a great blessing to the human race. Having tried it in a case of severe affliction of the lungs, I unhesitatingly recommend it to those similarly afflicted, as the best remedy I have ever tried, and one which cured me when physicians said I must die, and when I thought myself that my time to depart

was near at hand. WILLIAM COLDRON. There is a difference between "WISTAR'S BALSAM OF WILD CHERRY" and all other preparations of Wild Cherry. The true and genume Balsam, as sold by us, contains, besides the extract of wild cherry bark, other medical agents of great character and efficacy in curing coughs, colds, and general diseases of the chest and lunes. But the all important difference between this medicine and all others of the kind is, that Wistar's Balsam cures, while other remedies give only temporary relief to the sufferer.

NO CHANGES IN THE WEATHER WILL materially affect the body if the blood is pure. -Every individual, even the most diseased, has withn him a germ or root of that original pure b of our common mother Eve; which germ of pure blood is the supporter of his life, and is in constant blood is the supporter of his life, and is in constant struggle to throw off the heterogeneous, corrupt humors, which are the cause of disease in the individual. By purging the body of this diseased individual of its bad humors, you allow the germ of pure blood to gain ground and to make blood of a better quality, and so on progressively till the whole mass is regenerated; for the good principle or good pure blood, is always striving to be predominant over the bad or diseased humors. Let all who wish to be of a fine healthy habit; who wish to have a sound mind in a sound body; who desire to be able to stand without injury the continual changes of this climate; who desire to have healthy children, use the Brandreth Pills, which will effectually cleanse the blood of all bad or carrupt humors, and restore the humas body to the state of health enjoyed before the introduction of state of health enjoyed before the introduction of mineral medicines.
